MYTHIC MONSTERS: MOUNTS

Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The fourth volume in our new Mythic Monsters series, Mythic Monsters: Mounts brings you a full complement of amazing mounts for your heroes to tame, or to face bearing their greatest foes into battle. Fully TWENTY of your favorite mounts are here, updated for the mythic rules, and when we say updated we mean complete stat blocks. More than that, every noble steed has its own unique and exciting new mythic abilities, from a mythic pony s inexplicable survival to a mythic nightmare cauchemar s death s ride, from a the aerial aid of a mythic hippogriff to the unbridled glory of a mythic pegasus champion. This product includes mythic mounts of commonplace varieties like horses, camels, and riding dogs, as well as exotic mounts like the sleipnir, dragon horse, and triceratops, including advanced variants that take the basic creatures up to a whole new level, covering CRs from 1 to 15. In addition to these twenty mount stat blocks, Mythic Monsters: Mounts also includes mythic feats and path abilities geared toward mounted mythic characters and classes with mount-based abilities. The Mythic Monsters series from Legendary Games brings you dynamic and exciting mechanics alongside evocative and cinematic new abilities that really help creatures live up to their flavor text, whether they are creatures of real-world myth and legend or creatures born out of the RPG tradition itself. These creatures can work just as well in a non-mythic campaign as they do in one that incorporates the full mythic rules, as you can throw them at your jaded players who think they ve seen it all or know the standard monster stats as well as you do. That look...
